CUSTOMER GRIEVANCE REDRESSAL

PURPOSE & OBJECTIVE

Customer support is extremely important for sustained business growth and as an organization HAPPY strives to ensure that its customers receive exemplary service across different touch points. Customer complaints constitute an important voice of customer and this policy details complaint handling through a structured grievance redressal framework. Complaint redressal is supported by a review mechanism, to minimize the recurrence of similar issues in future.

The Grievance Redressal policy follows the following principles:

- Customers are treated fairly at all times
- Complaints raised by customers are dealt with courtesy and in a timely manner

CUSTOMER RELATIONSHIP MANAGEMENT (CRM)

HAPPY has a dedicated Customer Relationship Management System for monitoring customer support queries and grievances. It is a software application to ensure adherence to the customer engagement processes equipped with real-time monitoring. The Customer Support team at HAPPY can access the application to record and respond to all customer queries under the defined timeframe.
